# ZOOMINARS

## A Series of Virtual Talks

**At 7.00pm Thursday 16<sup>th</sup> July 2020 –  
For approx. 1 hour**

### **Net Zero Energy Buildings – Kevin Hydes**

Kevin will give a global overview of the trend towards net zero energy buildings and communities as a pathway towards a low carbon future. He will explore how the business case for net zero energy and the decarbonisation of buildings has inspired owners, developers, designers, and the rest of the building industry to embrace net zero energy as a design movement leading us towards a more sustainable and resilient future for people and planet.

**To be held via ZOOM on a screen near you**

*Bring your own beer or wine!*
