## Flagship Annual Event: The Master Certificate Scheme

The Master Certificate Scheme was Introduced in 2001 to encourage career progression in areas of skills identified with City of London Livery Companies. Through this initiative, we are acting in Partnership with the City and Guilds of London Institute to encourage the pursuit of excellence in vocational education and training.

The Awards are conveyed to Master Craftsmen, Journeyman and Apprentices who have made outstanding achievements in their vocational and Craft related careers. The scheme is now being widened to Professionals in their industry who may not have followed an academic route into the industry.

The Ceremony is now held Annually at the Mansion House in the Presence of the Lord Mayor who presents the Certificates.
